Services

Ramila Singh

We have had a busy year once again and are really delighted with the progress we have made. Having launched our Volunteer Programme in 2017, we have worked hard to develop the service further and have seen it go from strength to strength. Towards the end of this year we underwent an assessment for the Investing in Volunteers Quality Mark, we are currently awaiting the panel decision.

We were also delighted this year to have been awarded our third grant from the National Lottery. This funding will enable us to support vulnerable children across Leicestershire County and Rutland for the next five years.

One exciting development has been our move to a new office in Loughborough. The new office space will give us fantastic facilities to meet the needs of our clients as well as our staff and volunteers.

The second half of the year was spent reviewing our progress, including the services we deliver and the structures that support that work, in preparation for a new three-year Strategic Plan. Thanks to everyone who contributed to its development.

Finally, as always, a huge thank you to all of our staff, volunteers, fellow Directors, partners and supporters for making the work of LWA possible and making a huge difference to the lives of so many people.
