## What is Payroll Giving?

Payroll giving is a simple, easy way to support LWA.

Payroll giving is the most tax efficient way to donate to LWA. Your donation is tax free because it is taken from your salary before tax is deducted. This means that if you donate £10 from you pay packet, it will cost you only £8 if you pay tax at the basic rate and just £6 if you pay tax at the higher rate.

## How do you set it up?

Making a monthly donation is very simple. All you have to do is decide how much you would like to give and then complete the attached form and give it to your HR department. Your donation will come straight to LWA every month.

## What if your company doesn't have a scheme in place?

It's easy to set one up. All you need to do is ask your HR department to sign up with a payroll giving agency who will administer the donations on your behalf. For a list of Inland Revenue approved agencies visit:

Support for all victims of domestic abuse

## What is domestic abuse?

Domestic abuse is about control – about how one person uses an intimate relationship to control another person, often their partner or former partner. It can take many forms, and includes physical abuse, financial control, threats, emotional abuse or sexual abuse.

Anyone can experience domestic abuse, regardless of race, age, ethnic or religious group, disability or lifestyle, and it can happen at any stage of a relationship.

Domestic abuse destroys both victims' and children's lives. The effects can range from severe emotional harm to physical injury and it can take a long time to recover.
